# MOUNTAIN CHIC LUXURY

Though in the heart of the bustling Beaver Creek Resort, the Beaver Creek Lodge offers a retreat in a luxurious, intimate atmosphere.

**RESTING AT THE BASE OF BEAVER CREEK MOUNTAIN IN COLORADO**, Beaver Creek Lodge is the epitome of mountain lodge luxury. Surrounded by an alpine village brimming with shopping, dining and entertainment, and located a mere 10 minutes from Vail Valley, the lodge ensures guests the opportunity to experience nature at its most rugged without missing out on the soothing comforts only offered at a diamond rated, boutique-ish lodge.

## Cozy Comforts

Though in the heart of the bustling Beaver Creek Resort, the Beaver Creek Lodge offers a retreat in a luxurious, intimate atmosphere—from personal service upon arrival to stunning suites offering all the touches of home. The atrium-style grand bohemian gallery provides stylish accents with plush reds, a sleek bar and bronze statues of climbers hanging overhead.

Settle into a room inspired by mountain chic décor, adorned with original artwork, and equipped with upscale amenities. After making hot chocolate in the suite's cozy kitchenette, you can curl up on a leather sofa by your own fireplace. Additional state-of-the-art touches include wireless Internet access, flat-screen TVs, and pillow-top beds topped by down comforters.

As guests relax on the breezy terrace enjoying the warmth of artistic fire pits, extraordinary cuisine and signature beverages at Rocks Modern Grill are sure to impress. Whether dining al fresco or indoors, the dim lighting and chic décor brew a richly warm ambiance. Casual American cuisine is offered in an informal setting with breathtaking views of Beaver Creek and the towering mountains.

## Spa Bliss

A short stroll away from your room or a quick ride on the complementary shuttle will bring you to Spa Struck, which offers Beaver Creek Lodge guests the perfect way to soothe tired muscles after an afternoon of skiing. From aromatherapy massages and blissful facials to hydrotherapy and salon treatments, Spa Struck boasts a menu of services that pamper the mind, body and soul.

## Mountain Art

To experience the invigorating spirit of mountain culture, guests can visit the vibrant village surrounding the lodge. Within walking distance are entertainment, shops, galleries, restaurants, nightlife and the Vilar Center for the Arts, which hosts everything from film festivals and Broadway shows to the Beaver Creek Theatre Festival.

## Alpine Adventure

Beaver Creek Lodge is *the* place to be during ski season, when guests are only steps away from the powdered Rockies above. With an in-house ski and snowboard rental facility, skiers can get fitted, rent at discounted rates, and store/drop off equipment for cleaning. The winter wonderland offers activities for everyone, including peaks suitable for skiers of all levels, ice skating, cross-country skiing, snowmobiling, dog sledding and snowboarding. And if the slopes and the cold get to be too much, don't worry. Head back to the lodge, where warm cookies await your return.

Scenic Beaver Creek

*Snow season is bliss in the Rockies. At the Beaver Creek Lodge, guests have an assortment of outdoor winter activities available at their fingertips, including dog sledding, snowmobiling, ice skating and cross country skiing.*

## ECO-INITIATIVES

In the heart of Mother Nature's breathtaking Rocky Mountains, Beaver Creek Lodge strives to protect the precious resources surrounding them. By implementing the use of wind power to provide electricity, the lodge has become an energy efficient, earth-friendly property. Wind energy is ample, renewable, widely-distributed, clean and reduces the Greenhouse Effect when used to replace fossil-fuel-derived electricity.

In addition to wind power usage, Beaver Creek Lodge features energy efficient fluorescent bulbs, programmable thermostats, low-flow toilets, automatic water conservation water faucets, extensive recycling initiatives and paperless procedures. In the culinary realm, the lodge is committed to supporting local, organic and sustainable farming to protect the environment and enhance the local community.

Beaver Creek Lodge recognizes the importance of enacting and maintaining various green initiatives through their green committee. To increase environmental efforts internally, the new internal campaign, GET Green, provides Grand Performers (employees) with environmental training and monthly incentives. ✿
