SMART SPACES

HOT SPOTS AND HIGH STYLE

Moorish decor reigns supreme at the Four-Diamond **Casa Monica Hotel** in St. Augustine, Fla.—America's oldest city. A historic landmark, the property originally opened in 1888 and was inspired by the architectural traditions of Spain and Morocco. Hand-stencilled, gold accents shine amid hues of deep red, chocolate brown and cream. Abstract patterns and arching columns characterize the interior and are especially apparent in the 95 Cordova restaurant (lower image), which offers New World, Middle Eastern and Asian flavors. The guest rooms take on a modern sensibility with an exotic theme woven throughout, from antique furnishings to plush textiles. casamonica.com
