The Privai Rituals are thoughtfully tailored to deepen your self-awareness and facilitate healing on all levels through a complete and transformative wellness experience.

## SACRED BEAUTY

*I am beautiful.* Repeat this as a daily mantra. Self-love is what makes you shine from within. Find your true beauty with Privai. This 130-minute ritual uses rose quartz, the stone of love, to reduce inflammation, support lymphatic drainage and connect you to the heart chakra, the energy center of love. A full body silk-infused exfoliation and Aqua Gel Masque hydrates, softens and soothes the skin, while cocooned in warm layers of fine linen. A customized pressure massage alleviates stress and sources of pain through cycles of isolated pressure and release movements. A sublime experience designed to reawaken love for yourself. We all have within us the potential for a beauty so magnificent, our bodies can't contain it.

*130 minutes, \$435*

## RESTORATIVE SLEEP

Slip into a deep and peaceful sleep tonight with Privai. Sleep is essential for recharging your mind and body. This luxurious 130-minute ritual was designed to help enhance your sleep quality by establishing profound relaxation and relief from stress that builds throughout the day. Certified organic pillows and linens envelop the body, while parasympathetic massage techniques paired with divine essential oils are used to calm and soothe the nervous system. Weighted blankets offer restorative pressure and a warm comfort similar to being held. The art of reflexology completes the ritual—implementing rose quartz, the stone of love, and a heavenly Ultra Rich Body Butter foot massage that will send you into a blissful sleep in no time.

*130 minutes, \$405*

## ESSENTIAL BALANCE

In our fast-paced, modern world finding balance is synonymous with internal well-being. Balance brings harmony within us—find your center with Privai. This 105-minute ritual revitalizes the mind and body with a silk exfoliation treatment to refresh the skin. A blissful vitamin-E massage releases overwhelming tension and imbalance from the body. A green-tea infused face massage and eye masque promote a youthful appearance by calming, hydrating and soothing the skin. Stones are strategically placed to dissolve energy blocks and re-establish balance in the chakras. The ancient art of reflexology is utilized through pressure points on the hands and feet that correspond to specific muscle groups and organs of the body. A singing bowl finishes the sequence by emitting healing sound and stimulating the heart chakra. Find your balance every day, cherish the need to step back, take a deep breath, go on a walk and enjoy the smell of the flowers.
